CARD GOLF™ TOURNAMENT INSTRUCTIONS:

Start by selecting the stroke play tournament format that is best for you.

Group Play: Determine how many players (2, 3 or 4) per group. Each group of 2 will need a single deck of Card Golf™, while groups of 3 or 4 will require a second deck of Card Golf™. After each round is complete groups should be changed based on in-tournament rankings (i.e. the lowest scores should all be in one group).

Individual Play: Individual play requires each player in the tournament to have a separate deck of Card Golf™ and the golf course scorecard. Each player plays the 18-hole course solo for however many rounds are in the tournament. The lowest combined score wins.
